## Editorial

WOW!!! Did you see “The Phantom of the Opera”??? If not, you missed one of the most memorable productions in AMT’s history. Check out the feedback received on this production further on in this newsletter.

In an endeavour to be “clean and green” and to help save the trees, we have decided that from the next newsletter we will e-mail this out to as many of our members as we have e-mail addresses for. It would be appreciated, therefore, if you could please update/advise your e-mail addresses to [admin@abbeymusicaltheatre.co.nz](mailto:admin@abbeymusicaltheatre.co.nz)

Our end of year production was to be “Radio Live”. This has, however, now been changed to “Totally 80’s” but is the same concept as its predecessor. Check out details of this production further on.

## “The Phantom of the Opera”

Thank you so very much to everyone involved with this production. There has only been positive feedback from audiences, some of which follows;

- Huge kudos to all the cast and everyone involved. I have been lucky enough to see it in Sydney and Melbourne and think your production rates as highly as them.
- Just arrived home after seeing “The Phantom of the Opera” opening and had to say how much we enjoyed the show. It was SPECTACULAR – THE BEST performance we have EVER seen in Palmerston North.
- I have just witnessed real magic. “The Phantom of the Opera” is absolutely amazing. You must go if you haven’t already.
- Superlatives don’t quite do justice to the musical theatre experience that is AMT’s “The Phantom of the Opera”. Thanks to such a talented company who worked so hard to stage this. This was international standard and I rank it with “The Lion King” in London as my all time best.
- It’s Saturday morning and I am still on a high after our night with The Phantom. The Phantom, Christine and Raoul were outstanding and can stand head and shoulders alongside the likes of Michael Crawford and Sarah Brightman.

Work with Sydney-based actor Jamie Irvine in this half-day workshop. A dynamic, fun, practical course aimed at broadening your skills and acting range.

Jamie has worked extensively in Australia, New Zealand and the United States as an actor, acting coach, voice-over artist and a director. Jamie has worked in Sydney theatre since 2003. On screen he was the narrator Ben Charlton in Underbelly, Land of the Long Green Cloud. He has a Bachelor of Dramatic Art (Acting) from NIDA.
